

# Arizona Care Network 2020 Quality Performance Results

**Table 2. Patient/Caregiver Experience**

ACOs were not required to field a CAHPS survey due to the Public Health Emergency and will receive full credit for all 10 CAHPS measures: ACO-1, ACO-2 ,ACO-3, ACO-4, ACO-5, ACO-6, ACO-7, ACO-34, ACO-45 and ACO-46. Thus, for the PCE domain all ACOs will earn 20/20 points.

[1] A domain improvement score of at least 90% receives 4 Quality Improvement Reward points; ≥80% receives 3.56 points; ≥70% receives 3.12 points; ≥60% receives 2.68 points; ≥50% receives 2.24 points; ≥40% receives 1.8 points; ≥30% receives 1.36 points; ≥20% receives 0.92 points; ≥10% receives 0.48 points. A domain improvement score less than 10% receives 0 Quality Improvement Reward points.

[2] An ACO will be held harmless if their performance on a measure significantly declined, but remained above 90% (or in the case of certain measures, above the 90th percentile benchmark) in both the current year and previous year.

[3] For P4P measures: Points are calculated based on the ACO's performance compared to the 2020 quality measure benchmarks; For P4R measures: Full points are awarded if the ACO completely reports. Points earned do not include Quality Improvement Reward points, which are calculated at the domain level.

[4] Due to the COVID-19 Pandemic, ACO-8 and ACO-38 have reverted to pay-for-reporting measures for Performance Year 2020 and are not eligible for QI Reward points.

[5] CMS recently updated the calculation risk adjustment methodology for ACO-38 to correct a non-material technical error. This resulted in a small change in the calculated 2020 rates for a small subset of ACOs. The 2020 rates were previously updated in the 2020 Q4 Quarter Quality Report. The non-material technical error has also been updated for the 2019 ACO-38 rates which are displayed here in this report.

[6] ACO-43 was converted to pay-for-reporting for PY2020 due to a substantive change and is not eligible for QI Reward points, although prior rates are shown for informational purposes.
