

# Risk Adjustment Education Webinars

## January to April 2026

### Risk Adjustment, Coding and Documentation Education Available

Aetna has a full list of educational offerings. Join us for discussions that include: an overview of risk adjustment and how it impacts you; tips to improve documentation and coding; the importance of medical record submissions; and tips to stay compliant with regulatory requirements.

### CEU Education Webinars

Webinars are open to providers, including, but not limited to coders, physicians and administrative staff. Each education webinar is approved for 1.0 AAPC CEU. The coding CEUs can be used for AAPC continuing education requirements. Each attendee will be rewarded one (1) CEU index number/certificate per topic each year. No additional CEUs will be awarded for attending multiple sessions on the same topic.

CEU Education Webinar Topics	Date/Time	Register
Autoimmune Disorders	Jan 6 <sup>th</sup> 12-1 EST	<a href="#">Register Now</a> ▶
2026 Updated ICD10 Codes ( <b>No CEU Awarded</b> )	Jan 13 <sup>th</sup> 12-1 EST	<a href="#">Register Now</a> ▶
Respiratory Conditions	Jan 27 <sup>th</sup> 12-1 EST	<a href="#">Register Now</a> ▶
Endocrine Disorders	Feb 3 <sup>rd</sup> 12-1 EST	<a href="#">Register Now</a> ▶
Cardiomyopathy, Angina, A-fib/A-flutter	Feb 17 <sup>th</sup> 12-1 EST	<a href="#">Register Now</a> ▶
Nervous Disorders	March 3 <sup>rd</sup> 12-1 EST	<a href="#">Register Now</a> ▶
Infectious Diseases	March 17 <sup>th</sup> 12-1 EST	<a href="#">Register Now</a> ▶
Coagulation Disorders	April 7 <sup>th</sup> 12-1 EST	<a href="#">Register Now</a> ▶
Digestive Disorders	April 21 <sup>st</sup> 12-1 EST	<a href="#">Register Now</a> ▶

---

*Advance registration is required. Utilize the corresponding registration link provided for each topic to register as links are unique to each webinar. See page 3 for steps on how to register and save the event in team/outlook. If you have questions or need assistance, please email us at: [RiskAdjustment@AETNA.com](mailto:RiskAdjustment@AETNA.com).*

## CEU Webinar Topics:

### **Autoimmune Disorders (1 CEU credit)- Jan 6<sup>th</sup>**

- Provide concepts for coding Rheumatoid Arthritis (RA) including combination codes and causal conditions, with and without rheumatoid factors.
- Discuss the distinct differences between Osteoarthritis and RA
- Provide an overview of Myasthenia Gravis and review codes associated with muscle weakness and other myoneural disorders

### **2026 Updated ICD 10 Codes (NO CEU Awarded)- Jan 13<sup>th</sup>**

- In depth overview of 2026 ICD10 coding changes
- Review changes made to coding surrounding disease processes

### **Respiratory Conditions (1 CEU credit)- Jan 27<sup>th</sup>**

- Cover basic concepts of coding Asthma, Chronic Obstructive Pulmonary Disease and Pulmonary Fibrosis
- Provide tips on severity level, coexisting conditions, and status of codes.
- Discuss specific coding guidelines for each condition to include additional characters needed, additional codes needed to support exacerbations, and coexisting conditions

### **Endocrine (1 CEU credit)- Feb 3<sup>rd</sup>**

- Focus on key concepts of Hyperparathyroidism, DM and History Of
- Discuss the importance of history of vs current/historical.
- Define and review coding guidance of each condition.

### **Cardiomyopathy, Angina, A-fib/A-flutter- Part 2 (1 CEU credit)- Feb 17<sup>th</sup>**

- Focus on Cardiomyopathy, Angina, and Atrial Fibrillation/ Flutter
- Discuss the different types of cardiomyopathies and of underlying conditions.
- Define and review coding guidance for specified heart arrhythmias.

### **Nervous Disorders (1 CEU credit)- March 3<sup>rd</sup>**

- Provide an overview of Parkinson's and Huntington's Disease and address specific coding requirements regarding each condition.
- Cover the causes and types of Seizures and review coding concepts related to seizures, epilepsy, and seizure disorders.
- Cover various types of Dementia, including vascular dementia and Lewy Body dementia.

### **Infectious Diseases (1 CEU credit)- March 17<sup>th</sup>**

- Provide an overview of Chronic Infectious Hepatitis including coding different types of viral hepatitis, and related excludes notes.
- Provide an overview of Immune Disorders including coding of bone marrow diseases and anemia.
- Discuss coding guidelines for the different Human Immunodeficiency (HIV) and Acquired Immunodeficiency Syndrome (AIDS) codes, additional codes needed, and common opportunistic infections

### **Coagulation Disorders (1 CEU credit)- April 7<sup>th</sup>**

- Provide an overview of Thrombocytopenia Purpura, anemia, and other coagulopathies along with how to code active and/or chronic conditions.
- Review coding of Deep Vein Thrombosis and Pulmonary Embolism including current conditions
- vs history of conditions, suspected vs confirmed, etc.
- Provide an overview of Sickle Cell Anemia and coding for Sickle Cell Crisis.

### **Digestive Disorders (1 CEU credit)- April 21<sup>st</sup>**

- Review coding and documentation regarding types of Liver Disease and specific education on coding liver disease to the highest level of specificity.
- Provide an overview of Inflammatory Bowel Disease including the two types of IBD and cover coding & documentation of IBD.
- Comprehensive information about coding Hyperlipidemia in patient populations is provided. Information regarding documentation of medications and reporting of test results are also addressed.

# Steps to Register for Webinars

1. Open the Aetna Medicare Advantage Risk Adjustment CEU Flyer-PDF
2. Determine which webinar you wish to join and click the corresponding registration link.
3. Complete registration form with all required information.

## 2025 Medicare Advantage Risk Adjustment Education Webinars

### Risk Adjustment, Coding, and Documentation Education Available

Aetna has a full list of educational offerings. Join us for discussions that include: an overview of risk adjustment and how it impacts you; tips to improve documentation and coding; the importance of medical records submissions; and tips to stay compliant with regulatory requirements.

### CEU Education Webinars

- Webinars are open to providers, including but not limited to coders, physicians, and administrative staff. Full details about each topic are provided on pages 2-3.
- Each education webinar is approved for 1.0 AAPC CEU. The coding CEUs can be used for AAPC continuing education requirements. An attendee will be awarded one (1) CEU index number/certificate per topic each year; no additional CEUs will be awarded for attending multiple sessions of the same topic.

CEU Education Webinar Topics:	Date/Time:	Registration:
Autoimmune Disorders	Jan. 7 <sup>th</sup> 12:00-1:00 EST	<a href="#">Register Now</a> ▶
Respiratory Conditions	Jan. 21 <sup>st</sup> 12:00-1:00 EST	<a href="#">Register Now</a> ▶
Endocrine	Feb. 4 <sup>th</sup> 12:00-1:00 EST	<a href="#">Register Now</a> ▶
Cardiac Conditions - Part 2	Feb 18 <sup>th</sup> 12:00-1:00 EST	<a href="#">Register Now</a> ▶
Nervous Disorders	March 4 <sup>th</sup> 12:00-1:00 EST	<a href="#">Register Now</a> ▶
Infectious Diseases	March 18 <sup>th</sup> 12:00-1:00 EST	<a href="#">Register Now</a> ▶
Coagulation Disorders	April 1 <sup>st</sup> 12:00-1:00 EST	<a href="#">Register Now</a> ▶
Digestive Disorders	April 15 <sup>th</sup> 12:00-1:00 EST	<a href="#">Register Now</a> ▶
