

Urgent Care

Urgent Care can offer a less expensive option when you or your family members become sick or injured, but the situation is not life threatening. Consider a network urgent care for:

- sprains
- flu
- strains
- rash or skin irritations
- fevers
- mild asthma
- colds
- broken bones
- outpatient x-ray and lab services
- non-facial lacerations
- general non-life threatening conditions for both children and adults

Arizona Care Network (ACN) is your high-performing network – 5,500+ clinicians in more than 2,000 locations valley-wide. And because high quality care is cost efficient care, everyone wins.

See reverse for ACN urgent care locations valley-wide.
