

Soar Into Great Healthcare

CONNECTED CARE is a patient-centered healthcare plan for Intel's Arizona employees. Together with Intel, Arizona Care Network is creating A Better State of Care.

Why Connected Care?

- 1 Lower cost, higher value**
Enjoy lower deductibles, co-insurance percentages, and out-of-pocket maximums compared to other plans. In addition, only Connected Care members enjoy 100% coverage on preventive care and certain preventive medications.
- 2 Coordinated Care, focused on you**
Your care team is led by your primary care physician who collaborates with specialists and uses various means of technology to support your care with a patient-centered approach. This approach is beneficial whether you're managing a chronic condition or you're healthy and simply aiming to stay well.
- 3 A network of 6,000+ high-quality healthcare providers**
Arizona Care Network's doctors, clinics, and hospitals are all dedicated to specific standards of care and making healthcare more convenient for you and your family's diverse needs. Use our provider search tool to find care near you. In addition, nationwide coverage for routine and emergency care is available when traveling, or for dependents living elsewhere.
- 4 Concierge, here for you!**
Our concierge is a one-stop resource to help you find a doctor who's right for you and your family, answer questions about benefits and claims, verify eligibility, process ID card requests, and more. Call the Concierge Center Monday through Friday, 8 a.m. to 6 p.m. at 1.800.974.4517. This Annual Enrollment, choose Intel Connected Care ACN HDHP or PCP plan to cover your family's healthcare needs.
