Urgent Care

Urgent Care can offer a less expensive option when you or your family members become sick or injured and are unable to see your primary care provider, but the situation is not serious enough for the emergency room. Consider an in-network urgent care for:

- Sprains
- Strains
- Fevers
- Colds
- Flu
- Rash or skin irritations
- Mild asthma
- Broken bones
- Outpatient x-ray and lab services
- Non-facial lacerations
- General non-life threatening conditions for both children and adults

Arizona Care Network (ACN) is your high-performing network – 6,000+ clinicians in more than 2,000 locations valley-wide. And because high quality care is cost efficient care, everyone wins.

See reverse for ACN urgent care locations Valley-wide.
